IT'S THE
LORD'S DAY

JUNE 23, 2024

Your Attitude Changes Things

The noted English architect Sir Christopher Wren was supervising the construction of a magnificent cathedral in London. A journalist thought it would be interesting to interview some of the workers, so he chose three and asked them this question, "What are you doing?" The first replied, "I'm cutting stone for

10 shillings a day." The next answered, "I'm putting in 10 hours a day on this job."

But the third said, "I'm helping Sir Christopher Wren construct one of London's greatest cathedrals."

Your attitude toward your circumstances determines how you're going to stand on the other side. It's the cliché that we've heard over and over again, don't be bitter, be better. God wants you to be "better" in the trying of your faith and your attitude has a big part in it.

May God use the services today to help correct a faulty attitude in our lives. May God bless you all.

Today at KBC

We will have our morning service at 10am, and our evening service at 6pm. During the morning service, the teens are dismissed for their class during the last hymn.
