# Welcome to KBC

The story is told that Andrew Jackson's boyhood friends just couldn't understand how he became a famous general and then the President of the United States. They knew of other men who had greater talent but who never succeeded. One of Jackson's friends said, *"Why, Jim Brown, who lived right down the pike from Jackson, was not only smarter but he could throw Andy three times*

*out of four in a wrestling match. But look where Andy is now."*

Another friend responded, *"How did there happen to be a fourth time? Didn't they usually say three times and out?"*

It's the goal of every Christian to follow the Lord. We have our struggles and difficulties, but getting up again is key to our success. The Bible says that a righteous man falls seven times but he gets up again (Proverbs 24:16).

I pray that the services today will give you the will and confidence to begin or continue your steps toward God. May God bless the good decisions that you make today.
